“ It has been our experience when conducting inspections that companies that are using Plane Safety Training as their training provider are reporting less incidents.”

**Nico Smit**  
CAA Cargo Security Inspector

“ We use Plane Safety's training material because it is well prepared and up to date, their products are well priced and we get excellent value for money.

The quality of Plane Safety training is comparable to IATA standards thus excellent value.”

**Heinrich Maritz**  
SAA Airlink Aviation Security Manager

“ The professionalism of Plane Safety trainers, their ability to involve all students in the class and in general their way of conduct set them apart by light years from other training schools. I have been attending a variety of courses and can without any doubts say this was the best training School by far.”

**Dewald Grobler**  
Coin Security

“ Plane Safety Training gives us exactly what is needed, they are flexible in customizing our needs and very professional.

All the staff comment on how informative and how professional the classes are.”
